VOTES AWARDED BY UMPIRES
COHEN, COHEN AND COHEN

Wow! What a year! After a couple of merciless poundings I had a word to the boys and we did a number on the Scholarship School to which I contributed an even 10. Then I was hit by a crippling injury and we lost a couple (no connection), but I bounced back at the Harry Trott with a bag of 6, kicked our entire score the next week and capped it off with a lazy 5 in the final round. I'd lack to thank my team mates for making up the numbers and my family for their support (and their votes)
